

SEASIGHT

DAVITS

safety in lift

- ⊗ FUNCTIONALITY
- ⊗ RELIABILITY
- ⊗ SERVICE AVAILABILITY
- ⊗ FAST HANDLING

PROFILE

Seasight Davits is a crane and service provider/supplier for the offshore wind market. Seasight Davits is partly owned by HVSA (Hvide Sande Shipyard, Steel and Service). The owners have an overall experience within the marine branch in general and have many years experience from manufacturing and service of ships, cranes and SOLAS lifesaving davits in particular.

During the last decade the owners have produced and sold products and cranes for the oil and wind offshore industry. Since 2007 the owners have been involved in sales and service of OWPC cranes for the wind offshore branch all over Europe.

Fast handling is one of our key issues as it is time- and money saving for our costumers.

Seasight Davits aims at being a company pushing the limits for what you can expect possible for a OWPC crane.

Seasight Davits will offer a higher functionality and raise the safety standard for the OWPC cranes to an even higher level, e.g. by implementing intelligent solutions into the products.

Seasight Davits also offers tailor made OWPC crane solutions fulfilling your specific needs.

THE KEY WORDS FOR OUR CRANES ARE

- ⊗ FUNCTIONALITY
- ⊗ RELIABILITY
- ⊗ SERVICE AVAILABILITY
- ⊗ FAST HANDLING

ISO CERTIFIED PRODUCTS

All Seasight Davits OWPC are made according to ISO 9001. All cranes are CE Marked.

Our products are all controlled via approved quality control schemes involving all steps from purchasing to delivery of our products. The involved steps are purchased parts/units, certificates, welding, surface treatment, assembling, FAT test and transport. Cranes can also be produced according to Lifting Appliances from Class.

TAILOR MADE SOLUTIONS

Seasight Davits can offer a tailor made OWPC solution according to your specifications.

We invite you to contact us in order to discuss/brainstorm your particular needs and we will make an effort to meet your demands.
