

Model EX-BM001-30

Plug and Play

Technical Range

Design life	More than 20 years
OSWL range	3000 kg
Outreach range	Depending on crane model
Hoisting travel	25 meters
Hoisting speed	Speed 1: 7,5 m/min. Speed 2: 30 – 15 m/min. between 0 and 3000 kg.
Total weight	Approx. 900 kg
Dimensions	Approx. L4600 x W1900 x H1200 mm
Electrical system	
Power supply	3x400VAC/50 Hz
Power consumption	17 kW
Protection	3x13 A. circuit breaker
Working conditions	
Wind speed	15m/sec
Sea state	1 m. significant wave height.
Temperature	-10/+40° C
General Operation	Plug and Play solution with integrated starter cabinet and remote control ready for use.
Safety systems	AOPS, HOPS and MOPS
Surface Treatment	Hot galvanized according to Corrosion Class C5M according to ISO:12944-5.
Approvals	CE marked and according to Machinery Directive Class, or other approvals on request.
Starter cabinet	The external lifting unit comes with a starter cabinet with a CEE plugged power supply cable and remote control.
Weight	Approx. 80 kg
Dimensions	Approx. L650 x W650 x H1800
